Brought to you by Rose of Sharon Ministries

Florence Duckett has created a project to support our men and women in Iraq and Afghanistan.

To see this collage full size right-click on it and go down to *Save Picture As...*

Check out our [Events](#) page for *Welcome Home* activities. Do this often as these often come up with little notice.

New!

Please encourage our Troops by writing a message which will be posted here. All you have to do is click on "Heart2Heart," in the side menu and start typing. We can never say "Thank You" enough! God Bless!

Check out the [Events/Welcome Home](#) page for Heroes Welcome Homes

Regardless of how you feel about the wars, we all must support our soldiers. This is where Florence's project comes in: She has been sending CD's to our men and women to help lighten the load of being far from home in a hostile environment.

See Florence as she visits the White House in the [Photos](#) Section
