- 1. Safety in our schools
- 2. Close the Achievement Gap
- 3. Quality education for all students

Who is Ron Stoloff?

I retired after 35 years as a high school teacher, BS *Temple*, MS *Beaver/Arcadia*, married 27 years and a resident of Blue Bell for 17 years. I volunteer in an organization that provides recycled computers to students and others.

While teaching I was extensively involved in reform movements and applying technology in the classroom.
